Townhomes of Timberland water quality retrofit construction to begin

ELLICOTT CITY, MD – A Howard County construction project to repair a stormwater pond on Timberland Circle in the vicinity of Timber Valley Court in Ellicott City is scheduled to begin on or about Monday, September 28. The project will include replacement of the pond's steel principal spillway with a new concrete spillway. The project will ensure the pond's compliance with United States Department of Agriculture, National Resources Conservation Service, Maryland, Code 378 standards. Weather permitting, the project should be completed by early December.

The project is not expected to impact the flow of traffic in the area. Signs will be posted in the area to alert residents of the project.

For questions or concerns about Capital Project D-1159, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
